The Holy Family Institute

Various Church Movements aim at helping marriage and the family. So does the Institute – but with its own unique twist: besides offering guidance, it also reinforces the marriage with **consecration and vows!**

>>>This puts it in a class by itself.<<<

Consecration is lived in and through the **marriage** where all the virtues can be exercised...patience, forgiveness, humility, trust in God, kindness, generosity, meekness and many more. The daily lives of the couple do not change. The spiritual value of those lives changes significantly.

A WONDERFUL NEW IDEA!

The Institute was founded by Blessed James Alberione. A century ahead of his time, in 1914 he promoted the use of the media by the church to preach the Gospel. And he would later point out that married people can vow and consecrate their marriages so that – **in and through the marriage** – their lives become more coherent, more meritorious and more spiritually effective.

The Pauline Family (Society of St. Paul, Daughters of St. Paul, Sister Disciples of the Divine Master, Pastorelle Sisters, Apostoline Sisters, Gabrielites, Annunciationists, Jesus the Good Shepherd, Holy Family Institute and Association of Pauline Cooperator) today enshrine his ideals.

TRIDUUM 2023: Three great days pass in the Shrine of Our Lady and under her loving gaze. Members from all over relax on the grounds, renew old friendships or make new ones, attend lectures on subjects relevant to their vocation and, most of all, take further steps through Church ceremonies on their way to full membership.

Meanwhile their children –from infants to teenagers – take part in games and exercise under the direction of qualified guides, and there is a general atmosphere of joy and festivity enhanced by the excellent meals the Shrine provides. (This will be done as needed.)

Kindly let Fr. Matthew know if you are coming and ages of the children. This is very important so that we can prepare what is needed [PO Box 498, Canfield, Ohio 44406-0498 (330) 502-0453 or (347) 257-0615 (cell)]
